**San Mateo, Calif., January 6, 2012** – The Pacific Forest and Watershed Lands Stewardship Council, a land conservation and youth investment foundation, announces its next board of directors meeting will be held in Sacramento on Thursday, January 19, 2012. The Stewardship Council board of directors may take action on the following agenda item related to its Land Conservation Program, as well as on other matters.

The Stewardship Council board of directors may take action to recommend that approximately 628 acres of PG&E-owned lands located in the Lyons Reservoir planning unit be donated to the United States Forest Service (USFS) – Stanislaus National Forest.

***Fee Title Holder Recommendation***

The specific fee title donee recommendation made by the Watershed Planning Committee that will be considered by the board of directors on January 19 is as follow:

If the above recommendation is approved by the Stewardship Council board, transaction negotiations between PG&E and the prospective fee donee would commence.
